

flos FS F 420

Harmony and comfort

The inspiration for creating this collection was a holistic combination of elements that create a peaceful and harmonious atmosphere, perfect for building good relationships. The Flos furniture collection and multifunctional acoustic screens were designed with the idea of domesticating work and relaxation spaces.

Lounge chairs

The lounging character of the Flos lounge chair provides an excellent balance between design, comfort, and functionality. Armrests integrated with the backrest wrap around a soft seat, creating a profiled, ergonomic bucket that provides good body support and relieves the spine. It's a piece of furniture that appeals to the senses.
