

selva SV PSF 8/12

Take care of your work comfort

The Selva is a response to the need for the greater work comfort, thanks to improved acoustic conditions in the open office space. It provides a possibility of reducing the perceived noise by an average of 8dB, i.e. nearly a half.

Sound absorption

The products from this collection work perfectly not only between work stations, but also as a complement to the interior in order to absorb sounds generated via the loud office equipment or colleagues.

SV PSF 8/12 / Technical data

● Standard ○ Option

Mounting method

CODE

The set of fasteners with 4 cables, 1.5 m long

●

Assembly cables of non-standard length - extra payment for each additional 1m of cable (set) over 1.5m²

○

SV PSF 8/12 / Dimensions

Dimensions are approximate and may vary depending on the selected product configuration. The requirements of the standard are always met.

height: overall dimensions **H**

width: overall dimensions **W**

epth: overall dimensions **L**
