

alberi ALPSC 1580

Remarkable acoustics

The Alberi panels constitute a perfect alternative to the boring acoustic panels, while preserving all the acoustic parameters that will make your office peaceful and quiet, when maintaining a natural look.

Office greenery

Do you see greenery only outside your window in your office? Thanks to the Alberi acoustic panels, this will soon change, as their shape is inspired by trees, and a broad possibility of their configuration and assembly make your nearby park come to the office, and you will feel a burst of the new energy.

ALPSC 1580 / Technical data

● Standard ○ Option

The hangers of the panels (mounted to the panel)

CODE

Black hangers (2 pcs) for a single panel with a distance of 20 mm from the wall

WD-A1

●

Black hangers (2 pcs) for a single panel with a distance of 50 mm from the wall

WD-A2

○

Hangers (1set = 2pcs) are mounted to the panel. The panel hangers makes it possible to adjust the suspension height of the panel on 4 levels - every 100 mm.

Depending on the configuration of the set, select the hangers with a suitable distance from the wall (for each panel - 1 set of hangers).

Mounting rail

CODE

Mounting rail 500mm long

ALSZ 5

○

Mounting rail 1300mm long

ALSZ 13

○

Mounting rail 2000mm long

ALSZ 20

Rails are mounted to the wall, depending on the configuration of the set, choose the appropriate length of the rail.

The rails do not contain assembly screws (the appropriate mountings should be selected for the type of wall).
