

voo voo 9xx **VV 921**

Sound absorption

An idea behind this design is to create a place of isolation in the open space, shopping centres, universities, schools as well as the other public use areas. A high upholstered backrest fulfils a role of the wall partitions, provides sound absorption and creates good acoustic conditions.

Private room

The Voo Voo 9xx enables to create a "private room" in the office, where we can concentrate on the project or have informal talks.

VV 921 / Technical data

● Standard ○ Option

Base	CODE
Chrome / powder coated - color: Copper skid with felt lining	●
Powder painted (colors according to Bejot pattern book)	○
Additional equipment	
Mediaport (black): 1 voltage socket 230V (type E - Poland, France / type F - Germany / type G - United Kingdom) + 2 x USB charger	[type]2VCC ○
Mediaport (black): 2 230V sockets (type E - Poland, France / type F - Germany / type G - United Kingdom)	[type]2VV ○

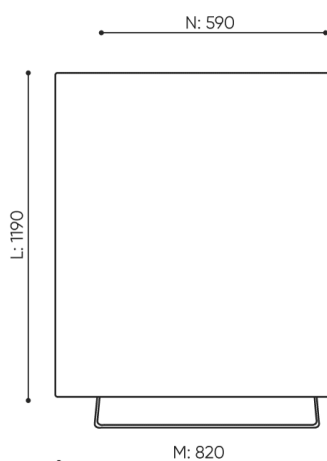

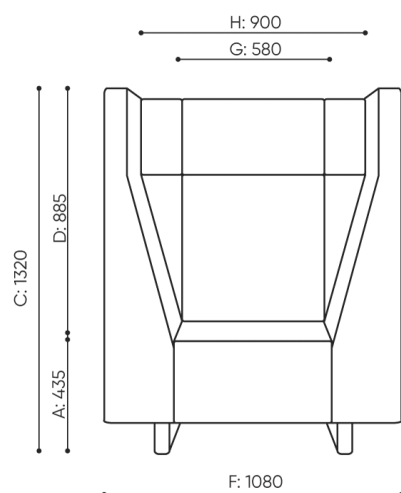

Warning

Check if the product dimension does not conflict with the dimensions of the elevator and the entrance to the building where the product will be installed.

VV 921 / Dimensions

Dimensions are approximate and may vary depending on the selected product configuration. The requirements of the standard are always met.

seat height: overall dimensions	A
seat height	B
chair height: overall dimensions	C
backrest height	D
chair width: overall dimensions	F
seat width	G
backrest width	H
height from the floor to the armrest	K
chair depth: overall dimensions	M
seat depth / seat lenght	N
